# Guide to look at „Zoomify" images (large format)

Thumbnail

Details

Toolbar
1 Zoom image by moving the cursor (-…………+) on the toolbar.
2 Move within the image using the arrow keys or the mouse.
3 Click on this button to get the full view.
4 Click on this button to get full-screen view. Press Esc   Zurück zum Ausschnitt mit ESC key.

Thumbnail
The thumbnail on top shows the detail visible in the main screen by a blue frame.
Any detail can be clicked to appear in the main screen or by moving the frame with the mouse.
A click on a point within the main screen moves it to the center.

Details
Click on the button to see the specified detail
